### **Done with love**

There's a man in town  
not wealthy or very well known  
Helping his friends and neighbors  
just like Jesus said  
A man of few words  
he quietly goes on his way  
One thing they know for sure  
it's done with love

There's a wealthy man  
on the other side of town  
He has spent his whole life  
for fortune and pow'r  
Never seems enough  
to satisfy his life  
Now he's just a bitter man  
he's done with love

Done with love  
the meaning's up to you  
is it God you serve  
a living sacrifice  
or do you come first  
and others toss aside  
How does your life define  
done with love

A husband and wife  
married for a while  
both of them love Jesus  
committed to his call  
He adores her  
She's so in love with him  
Everything that they do  
is done with love

Down the road another couple  
married the same time  
Neither one knows Jesus

they only think of themselves  
Every time they talk  
it ends up in a fight  
They're ready to give up  
They're done with love

Done with love  
the meaning's up to you  
is it God you serve  
a living sacrifice  
or do you come first  
and others toss aside  
How does your life define  
done with love

Oh we read about  
how God so loved the world  
He gave us the way to Heaven  
his one and only son  
Oh do you believe  
or will you reject him still  
but he hung upon that cross  
Done with love

Done with love  
the meaning's up to you  
is it God you serve  
a living sacrifice  
or do you come first  
and others toss aside  
How does your life define  
done with love
