

**Get the Sin out of the Camp** With the same flavor of "Joshua Fit the Battle of Jericho", this light-hearted song addresses a deep seated problem. SIN. Sin affects our lives, relationships (with God as well as others) and our churches. Jesus won the victory, but we can't claim that victory until we are willing to do what it takes to "Get the Sin out of the Camp".

**Get the sin out of the camp**

Joshua fought the battle of Jericho  
a mighty victory by God's hand  
What about the battle after that  
The one that didn't go as planned

Israel was soundly beaten  
A miserable defeat it was  
Joshua lay down on his face to cry  
but the Lord said get up and I'll show you why

Here's what ya do Josh

Separate the tribes  
Divide the clans  
Sift through the families  
until the one you find

If you want to claim the victory  
y'gotta get the sin out of the camp  
If you want to claim the victory  
y'gotta get the sin out of the camp

Oh it feels like somethings missing in your life  
Y'can't get passed the emptiness and strife  
Well put your trust in Jesus today  
He shed his blood to take your sins away

Here's what ya do

Confess your sins  
No excuses  
Ask his forgiveness  
He never refuses

If you want to claim the victory  
y'gotta get the sin out of the camp  
If you want to claim the victory  
y'gotta get the sin out of the camp

Sin affects the body of Christ  
We soon forget that Jesus paid the price  
and stop showing God's love to our fellow man  
It's all part of Satan's master plan

Know what it is

Separate the tribes  
Ha...surprised  
He'll tear apart God's family  
with all his filthy lies  
all his lies

So' if you want to claim the victory  
If you want to be all God wants you to be  
If you want to claim the victory  
Get the sin out of the camp  
Get the sin out of the camp  
Get the sin out of the camp  
Get the sin out of the camp
