

**The Thorn** is a reminder of why we keep going despite frustration, set backs, situations gone wrong, and everything else that happens when we're working for the kingdom. Don't forget the ever popular "thorn in the flesh - What I want to do I don't do, instead I do the things I don't want to do". The Apostle Paul asked God three times to take away his "thorn". God's response, "My grace is sufficient for you"

### **The Thorn**

Lord I had a bad day  
the frustration of this world is on my mind  
and now I feel like I've lost my way  
I need the joy of your salvation  
and quietly he said

My grace is sufficient for you  
My love for you is everlasting  
When you're weak my strength is perfect  
and no one can take you from me

Looking out across the water  
I watch a seagull fly and I know  
you care for them though they do not sow  
who am I that you consider me  
and still these words I hear

My grace is sufficient for you  
My love for you is everlasting  
When you're weak my strength is perfect  
and no one can take you from me

My grace  
My love  
My strength  
and no one can take you from me

And now I want to thank you  
Though the troubles of this world are all around  
Your Word will always be my guide  
Help me spread the joy of your salvation  
for I will always know

Your grace is sufficient for me  
Your love for me is everlasting  
When I'm weak your strength is perfect  
and no one can take you from me

Your grace  
Your love  
Your strength  
and no one can take you from me
